SOUPS

The foundation of soup is usually the juice of meat, poultry or fish. One pound of meat and bone to one pint of water makes a rich broth.

The best method of extracting the juice is to put the fish or meat on the stove in cold water, slowly heat to the boiling point then allow to simmer.

For fish-broth, simmer from one-half to one hour. For meat-broth, simmer from two to four hours.

VEGETABLE SOUP

4 pounds shank bone of beef or 3 pounds of meat without bone, chopped into three or four pieces. Cover with 4 pints of cold water and 1 teaspoonful salt. Bring to a boil and simmer 3 hours. After two hours add 1 small turnip, 2 carrots, 2 onions. Cut all in small pieces and continue cooking the third hour. Parboil 4 cups potatoes and add to soup 15 minutes before taking from the stove.

We have investigated the reputation of the writer of every letter in this book and have learned from her neighbors that her statements may be relied upon as truthful.

"CAN EAT ANYTHING I WANT TO"

"I was weak and irregular and during each period I would be sick to my stomach and could not sleep at night. My mother read about your medicine and wanted me to try it. So my husband got me a bottle to try and I have taken several bottles of Lydia E. Pinkham's Vegetable Compound and two of the Blood Medicine. I am feeling fine, can do my work, eat anything I want to, sleep well and am not nervous like I was. I recommend your medicines to all my friends."

FISH CHOWDER WITH TOMATOES

4 lbs. cod or haddock, or 1 lb. dry salt fish
4 cups potatoes cut in cubes
1½ inch cube fat salt pork
1 sliced onion
2½ cups stewed and strained tomatoes
3 tablespoons butter
2-3 cup cracker crumbs, salt and pepper

Buy a whole fish but have it skinned. Cut off head and tail and remove backbone. Cut fish in small pieces and set aside. Put head, tail and backbone into 2 cups cold water, bring to a boil and cook 20 minutes. Cut pork into small pieces, try out, add onion and cook 5 minutes. Parboil potatoes 5 minutes, then drain and add to fat with 2 cups boiling water, also the liquor drained from the bones and the pieces of fish. Cover and simmer 10 minutes. Add tomatoes, salt, pepper and butter. Just before serving, add cracker crumbs.

If dry salt fish is used, freshen it by soaking several hours in 3 or 4 changes of warm water.

FISH

The first thing to consider when buying fish is freshness.

The flesh should be firm, and the eyes and gills should be bright.

In preparing fish remove as much as possible of the inedible portions. Wipe thoroughly inside and out with a cloth wrung out of cold water, removing any clotted blood which may be adhered to the backbone.

3 tbsps flour

"I was married seven years and we never had any children. I took ten bottles of Lydia E. Pinkham's Vegetable Compound and we now have a baby boy who weighed nine pounds when born and is as healthy as he can be. I feel that I owe my health to the Vegetable Compound. My neighbor, Mrs. Mead, told me about her niece taking it and the good results she received so I began taking it. I wish to say to any woman who is not well enough to have children, 'By all means take Lydia E. Pinkham's Vegetable Compound.' I will cheerfully reply to letters from women who would like to write to me in regard to the same."

"I ASK THEM TO GIVE IT A TRIAL"

"There is hardly a week that goes past that I do not see a neighbor or a friend suffering the way I did. I tell them about your wonderful medicine and what it has done for me. I ask them to give it a trial and not to stop with one bottle but to continue taking it until they are entirely well. If I was to have any more children I would take Lydia E. Pinkham's Vegetable Compound to help me through my sickness. Mrs. Avery, one of my neighbors, asked me why I did not get it and so I did. I am not sorry, for it was not long before I began to gain my strength back and I took it until my baby was born. I know the Vegetable Compound helped me and I am willing to say it."

"IF YOU DON'T FEEL JUST RIGHT"

"Just a few words to let you know how Lydia E. Pinkham's Vegetable Compound has done wonders for me. I was in the Change of Life and was suffering from dizziness and nervous tired spells most of the time. After taking three bottles of the Vegetable Compound I began feeling much better, had a better appetite and now I am not dizzy any more. I can do all my housework, which I could not do before. I still keep on taking the medicine and so far have taken six bottles in all. I advise every woman who don't feel just right to take it."

COTTAGE PIE

This is a good way to use left-over roast beef.

Grease the bottom of a small baking-dish and cover with hot mashed potato. Add a thick slice of roast beef cut in small pieces, seasoned with salt, pepper, a little onion juice, and moistened with some of the gravy. Cover with a thin layer of mashed potato and bake in a hot oven long enough to heat through.

Remove dry pieces of skin and gristle from left-over cold roast lamb and chop the meat. Heat in a well-buttered frying pan, season with salt, pepper and celery salt, dredge well with flour and add enough hot water to make a thin gravy. Pour on slices of buttered toast.

WHEN A MAN

comes from work he likes to find his home comfortable, his meals ready and his wife happy.

"MY MOTHER VISITED ME"

When I was carrying my baby I was so sick and poor that I couldn't cook my husband's meals or keep my house clean. I was weak and run-down and my nerves were bad. My mother visited me and brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I started right in to take it and before long I was doing all my own work and helping outside, too. Last February I gave birth to a 10 pound baby girl. Had no trouble having her and she is growing fine. I took a bottle of Vegetable Compound every two weeks until she came along. The doctor says she is a fine healthy baby. I advise every woman to take the Vegetable Compound at this time."

Every month I had fainting spells and terrible pains and our family doctor could never make me take herbs. Yes, I was very stubborn but I suffered terribly. The pains would last for five days. I suffered in this way for two years and had to leave school. Mother read your ads about Lydia E. Pinkham's Vegetable Compound and I said I would take it. I took three bottles and I have never had any of those pains or fainting spells since. It's seven years now and I am in the best of health."

that in every neighborhood there are women who feel just this way about the Vegetable Compound?

"MY SIDES PAINED ME"

"In your books I have read letters from women who have taken your medicine, so I thought I would let you know what a great relief it has been to me. To begin with, I was all run-down and worked hard cleaning house. My sides pained me and for three or four weeks I walked around all bent over. Then my stomach was so sore that everything I ate hurt it. I was taken down sick and was in bed for a couple of weeks and I happened to think of Lydia E. Pinkham's Vegetable Compound. After I started taking it I began to feel better. My stomach got in good condition, but I was still run-down, so I kept on taking it. My weight increased and I looked good and felt good. I have found your medicine a wonderful help."

MAYONNAISE DRESSING

- 1 teaspoon mustard
- 1 tsp. salt
- 1 tsp. sugar
- 2 egg yolks
- 2 tbsps. lemon juice
- 2 tbsps. vinegar
- 1½ cups salad oil

Mix dry ingredients, add egg yolks, mix thoroughly, then add a teaspoon vinegar. Add oil a drop at a time and stir constantly. As mixture thickens, thin with lemon juice and vinegar. Add oil in larger quantities alternately with the vinegar and lemon juice until all is used, stirring and beating constantly. If oil is added too rapidly the dressing will look curdled. A smooth consistency may be obtained by taking another egg yolk stirring the mixture slowly into it. The oil should always be thoroughly chilled before mixing and all ingredients kept as cold as possible while mixing.

MANY GIRLS AND WOMEN

CAKE MAKING AND BAKING

In the making of cake good materials are necessary. Use fresh eggs and fine granulated sugar. Flour must be sifted before measuring, the cup filled lightly and levelled with a knife. Butter or other shortening should be packed solidly into the cup.

The pans must be properly prepared for baking, the oven heat regulated and the cake watched while baking.

Place the cake as near the center of the oven as possible. In baking cake divide the time into four parts. The first part the mixture should rise and form bubbles, the second part it should continue rising and begin to brown, the third part it should continue browning and finish rising, and during the fourth part it should finish baking and shrink from the sides of the pan. Cake may be looked at between each part without danger of it falling.

"RECOMMENDED BY MY DRUGGIST"

"After having my second child I was never regular and suffered every month for about five years. I was nervous and run down in health and felt badly all the time. Lydia E. Pinkham's Vegetable Compound was highly recommended to me by my druggist and after taking two bottles my health was very much improved. It has surely been a blessing to me and I will speak a good word for it when I can and will answer letters from women asking about it."

"THROUGH AN AD"

"I took Lydia E. Pinkham's Vegetable Compound because I would nearly die with pains in my sides and pains at my periods. I heard of this medicine through an ad in the Detroit News and wrote to Mrs. Grace Gillem of Dayton, Ohio, whose letter was published. Then I started taking the Vegetable Compound and got the best results. I do work now that I thought I would never be able to do. With the Vegetable Compound I took Lydia E. Pinkham's Liver Pills and used the Sanative Wash."

WE WOULD BE GLAD

to receive a report of any woman's condition—just how she felt before taking Lydia E. Pinkham's Vegetable Compound and the help it has been to her.

"I WAS SO YOUNG"

"Before I took Lydia E. Pinkham's Vegetable Compound I was deathly sick mornings before breakfast and after I began taking it I didn't have that feeling at all. My husband's mother told me about the Vegetable Compound. She took it before her last child was born and it helped her so much. She thought I was so young things would be hard for me, but I was hardly sick at all when my baby was born. He is healthy and strong, nearly eight months old, weighs 18 pounds and has two teeth. He creeps backward and some forward, and can nearly sit alone. The neighbors say he is the strongest baby for his age they ever saw. I do my housework just the same and used to do some out-door work until he came. I have recommended the Vegetable Compound to several, and I will answer any letters I receive and be only too glad to tell what I know about it."

a woman is she always finds time to read the advertisements in the daily papers. And she may read the bargains first but she generally reads the testimonial letters advertising Lydia E. Pinkham's Vegetable Compound. She wants to know what experience other women have had with this great medicine.

"WHENEVER I FEEL WEAK AND RUN-DOWN"

"Every time I get pregnant I get such terrible cramps in my stomach three or four times a day. But when I began to take Lydia E. Pinkham's Vegetable Compound they stopped. Of course I had to take it until the arrival of the baby, who is a beautiful girl. I also take it now whenever I feel weak and run-down and nervous. I learned about it from advertisements and the testimonials of women who have been helped and I recommend it now, myself. I have also taken Lydia E. Pinkham's Blood Medicine and the Liver Pills."

"When I was single I had painful periods and took Lydia E. Pinkham's Vegetable Compound. After I was married I took it before and after childbirth and often take it now for backache and get benefit, too. I have been married nearly 25 years and have eight living children. The Change of Life will soon be at hand and your medicine will be my friend again. We live on a large farm with lots of extra help and six children and no big girls at home. My mother uses your medicine as she has been a nurse for new babies for years and years. She often buys a bottle of the Vegetable Compound and leaves it for the mother to strengthen up on. and she has got many thanks for the good it has done. DO YOU FEEL

broken-down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps and if taken regularly and persistently will relieve this condition.

"STRONGER AND BETTER"

"I have taken your medicines for a condition that none of my doctors could help. I would have flooding nearly every month and it would last nearly three weeks at a time. My nerves were in terrible shape and I could not sleep nights. I had headaches and sharp pains in my sides and back. My friends and neighbors, also my own relatives have taken Lydia E. Pinkham's Vegetable Compound and it is the only thing that has helped me. I feel so much stronger and better now and can do my housework and quite a bit of outside work besides looking after my eight children. I have done lots of very hard work when I was a girl and I blame my sickness to that. I always suffered greatly from cramps but have not been bothered with them since I have taken your medicines. My two oldest daughters take your medicines with the best results and they suffered almost the same as myself."

WOMEN HAVE BEEN HELPED

by Lydia E. Pinkham's Vegetable Compound for over fifty years.

"I STILL TAKE IT"

"I was very nervous and was in bed most of the time for several weeks. I didn't want to see any one and had no appetite. But I told my husband to bring me home a bottle of Lydia E. Pinkham's Vegetable Compound which he did, and I began taking it by the directions, four times a day. I started feeling better before I had taken two bottles and I still take it when I feel nervous. This is twice in my life it has been a blessing to me. I first took it about 18 years ago for pain in my side and now for several years while Changing Life, I don't know how I could have got along without it."

LYDIA E. PINKHAM'S

BLOOD MEDICINE

Lydia E. Pinkham's Blood Medicine is recommended in connection with Lydia E. Pinkham's Vegetable Compound, and it might be thought from this that our Blood Medicine is suited only for diseases peculiar to women, but such is not the case.

Lydia E. Pinkham's Blood Medicine is as good for men as for women; it is also good for the whole family—parents and children—and is a reliable blood purifier for all who need such a medicine.

Humors and Eruptions are among the most common indications and results of poor blood. They are very unpleasant and disfiguring, they give the face an unhealthy appearance, but usually they are not serious or dangerous enough to warrant consulting a physician. More serious results may come, however, at any time from the impoverished state of the blood which they indicate. Good home treatment is necessary. Eat plain, nutritious and easily digested food and take Lydia E. Pinkham's Blood Medicine one-half hour before meals.
